## smart events

## HOW DOES IT WORK?

Each **icon** is a section which can only be **released** if a teams is standing in that **location**, using our unique **GPS enabled app**. Once released there are questions and task based around that **area of the city**.

Each of the icons can be replaced by your **own** such as a **company logo**, if you wish\*.

Once done you move to the next part of the city, taking any route you wish.

**Questions and tasks** based on **observation**, **problem solving**, **historical facts**, **general knowledge** and **actions**.

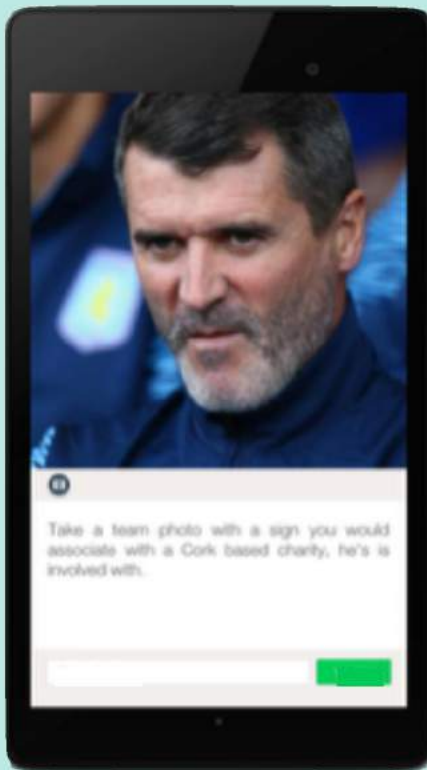

**Type** an answer, choose from **multiple choice**, take a **photo**, make a **video**, **phone** in an answer. Some questions are **timed**, some you have **one chance** to get it right, others you can have as **many goes** as you need within the time. and many more options making this the most advanced GPS app on the planet. **Fact!**

After a **full safety briefing**, we show you how to use the app (which is really easy) and then you're off exploring the city or town centre by **foot**. Tourist areas, historic buildings, main shopping streets, museums, churches, castles, literally anything of interest that you'll want to see. There is also questions on history, sport, famous people, anything linked with the area.

*"Absolutely delighted with the way things worked out in the end; you managed a triumph despite adversity (weather)"* **PEPSICO**

# enjoyable

*"Non stop fun from  
beginning to end"*

**MUSGRAVE**

We **rigorously research** our events so they are always **up to date** and **content is relevant** to the city at the time of your visit. We **test** each event by going it ourselves the day before. We can provide the event in a **number of languages\*** such as English, Irish, French and German.

During the event we have professional **event leader** with **tech staff** on hand throughout. We can provide you with a **professional photographer \*** to

give you additional memories of your visit. Having a group dinner after the event? We can **display\*** all photos from the event as you enjoy your meal and vote on your favourite team video. If not we can s to imply **upload** the photos to dropbox for you **enjoy** at another time.

\*optional extras

*"many thanks to you and your team  
for the perfectly organised Team  
event. I only heard great feedback"*  
**KROMBACHER**

A photograph of three people—two men and one woman—gathered on a city street, looking intently at a smartphone held by one of the men. They are all wearing winter coats. The background shows a city street with buildings and a sign that says "HOGUE".

*We had a really great time on the treasure hunt, everyone got stuck in which was super. The whole thing ran really smoothly, we would definitely recommend you guys to other agencies."* **VIZEUM**
