## OUR ADARE TREASURE HUNT, MODERN TECHNOLOGY IN OLD WORLD CHARM.

The Earl of Dunraven obviously had GPS app-based treasure hunts in mind as he planned this beautiful village. Explore the black abbey, the white abbey, churches, thatched houses, shops, cafes, coaching inns and manor. A small but perfect setting.

### HOW DOES IT WORK?

Each icon is a section which can only be released if a team is standing in that location, using our unique GPS enabled app.

Once released there are questions and tasks based around that area of the city. Each of the icons can be replaced by your own such as a company logo, if you wish\*.

Once done, you move to the next part of the village taking any route you wish. Questions and tasks based on observation, problem solving, historical facts, general knowledge and actions.

Type an answer, choose from multiple choice, take a photo, make a video, phone in an answer. Some questions are timed, some you have one chance to get right, others you can have as many goes as you need within the time. Plus many more options.

*"Absolutely blown away by the event, so well organised, thank you." - PFIZER*

*"Thanks again for all the work on the day, the team had a great time."*  
- META

\*optional extras

***“It was a great day, it rained but that didn’t even dampen the spirits. The team are all talk about it today and really enjoyed it, so that is a great sign” NESTLE***

# enjoyable

*"Again thank you for the fantastic event you organised for us!"*

- APPLE

We **rigorously research** our events so they are always **up to date** and **content is relevant** to the city at the time of your visit. We **test** each event by going through ourselves the day before. We can provide the event in a **number of languages\*** such as English, Irish, French and German.

During the event we have a professional **event leader** with **tech staff** on hand throughout. We can

provide you with a **professional photographer\*** to give you additional memories of your day out. Having a group dinner after the event? We can **display\*** all photos from the event as you enjoy your meal and vote on your favourite team video. If not, we will simply **upload** the photos to Dropbox for you **enjoy** at another time.

\*optional extras

*We loved the event,  
it was very well organised  
- GOOGLE*

# simultaneous events

If you have offices / teams spread across multiple cities, and want to get people involved between locations, we can also run events simultaneously in different cities and countries.

We can run each event just as we would normally, with a leaderboard for each location, live monitoring, and award ceremony for the top teams per city.

However, we can also adjust each hunt to include the same amount of available points, which means we can also reveal the overall winner across all locations, and pit teams against each other no matter where they are based!

*“The team that plays together, stays together! We had an absolutely brilliant team-building day yesterday in both ReproMed Ireland’s clinics. Thank you to all our wonderful staff for getting stuck in so willingly (sore legs and heads today in all clinics!) and to TeamBuild.ie for facilitating both events simultaneously in Dublin & Galway.”*

*- REPROMED*

# further afield...

25 countries worldwide

300+ cities & towns

1000s players a year

We are partnered with agencies in 25 countries and together have performed events in 300 cities and large towns across the world. So if you want to take your team to foreign shores or have a local office that needs an event, we can accommodate. We can even run events concurrently in multiple cities, to get teams from far away offices involved together!
