KINSALE TOWN

Let's hope that **Charles**, **James** and **Desmond** release their secrets as you explore their history and the streets of **Kinsale** under the guidance of our GPS software. Delve into historical **happenings**, identify **famous** people from the area and gain amazing new facts. The streets will become your playground as you get out and about to **explore**, **learn** and **compete** against other teams in our unique and interactive Kinsale Treasure Hunt.

HOW DOES IT WORK?

Each **icon** is a section which can only be **released** if a team is standing in that **location**, using our unique **GPS enabled software**.

Once released there are questions and tasks based around that **area of the town**. Each of the icons can be replaced by your **own** such as a **company logo**, if you wish*.

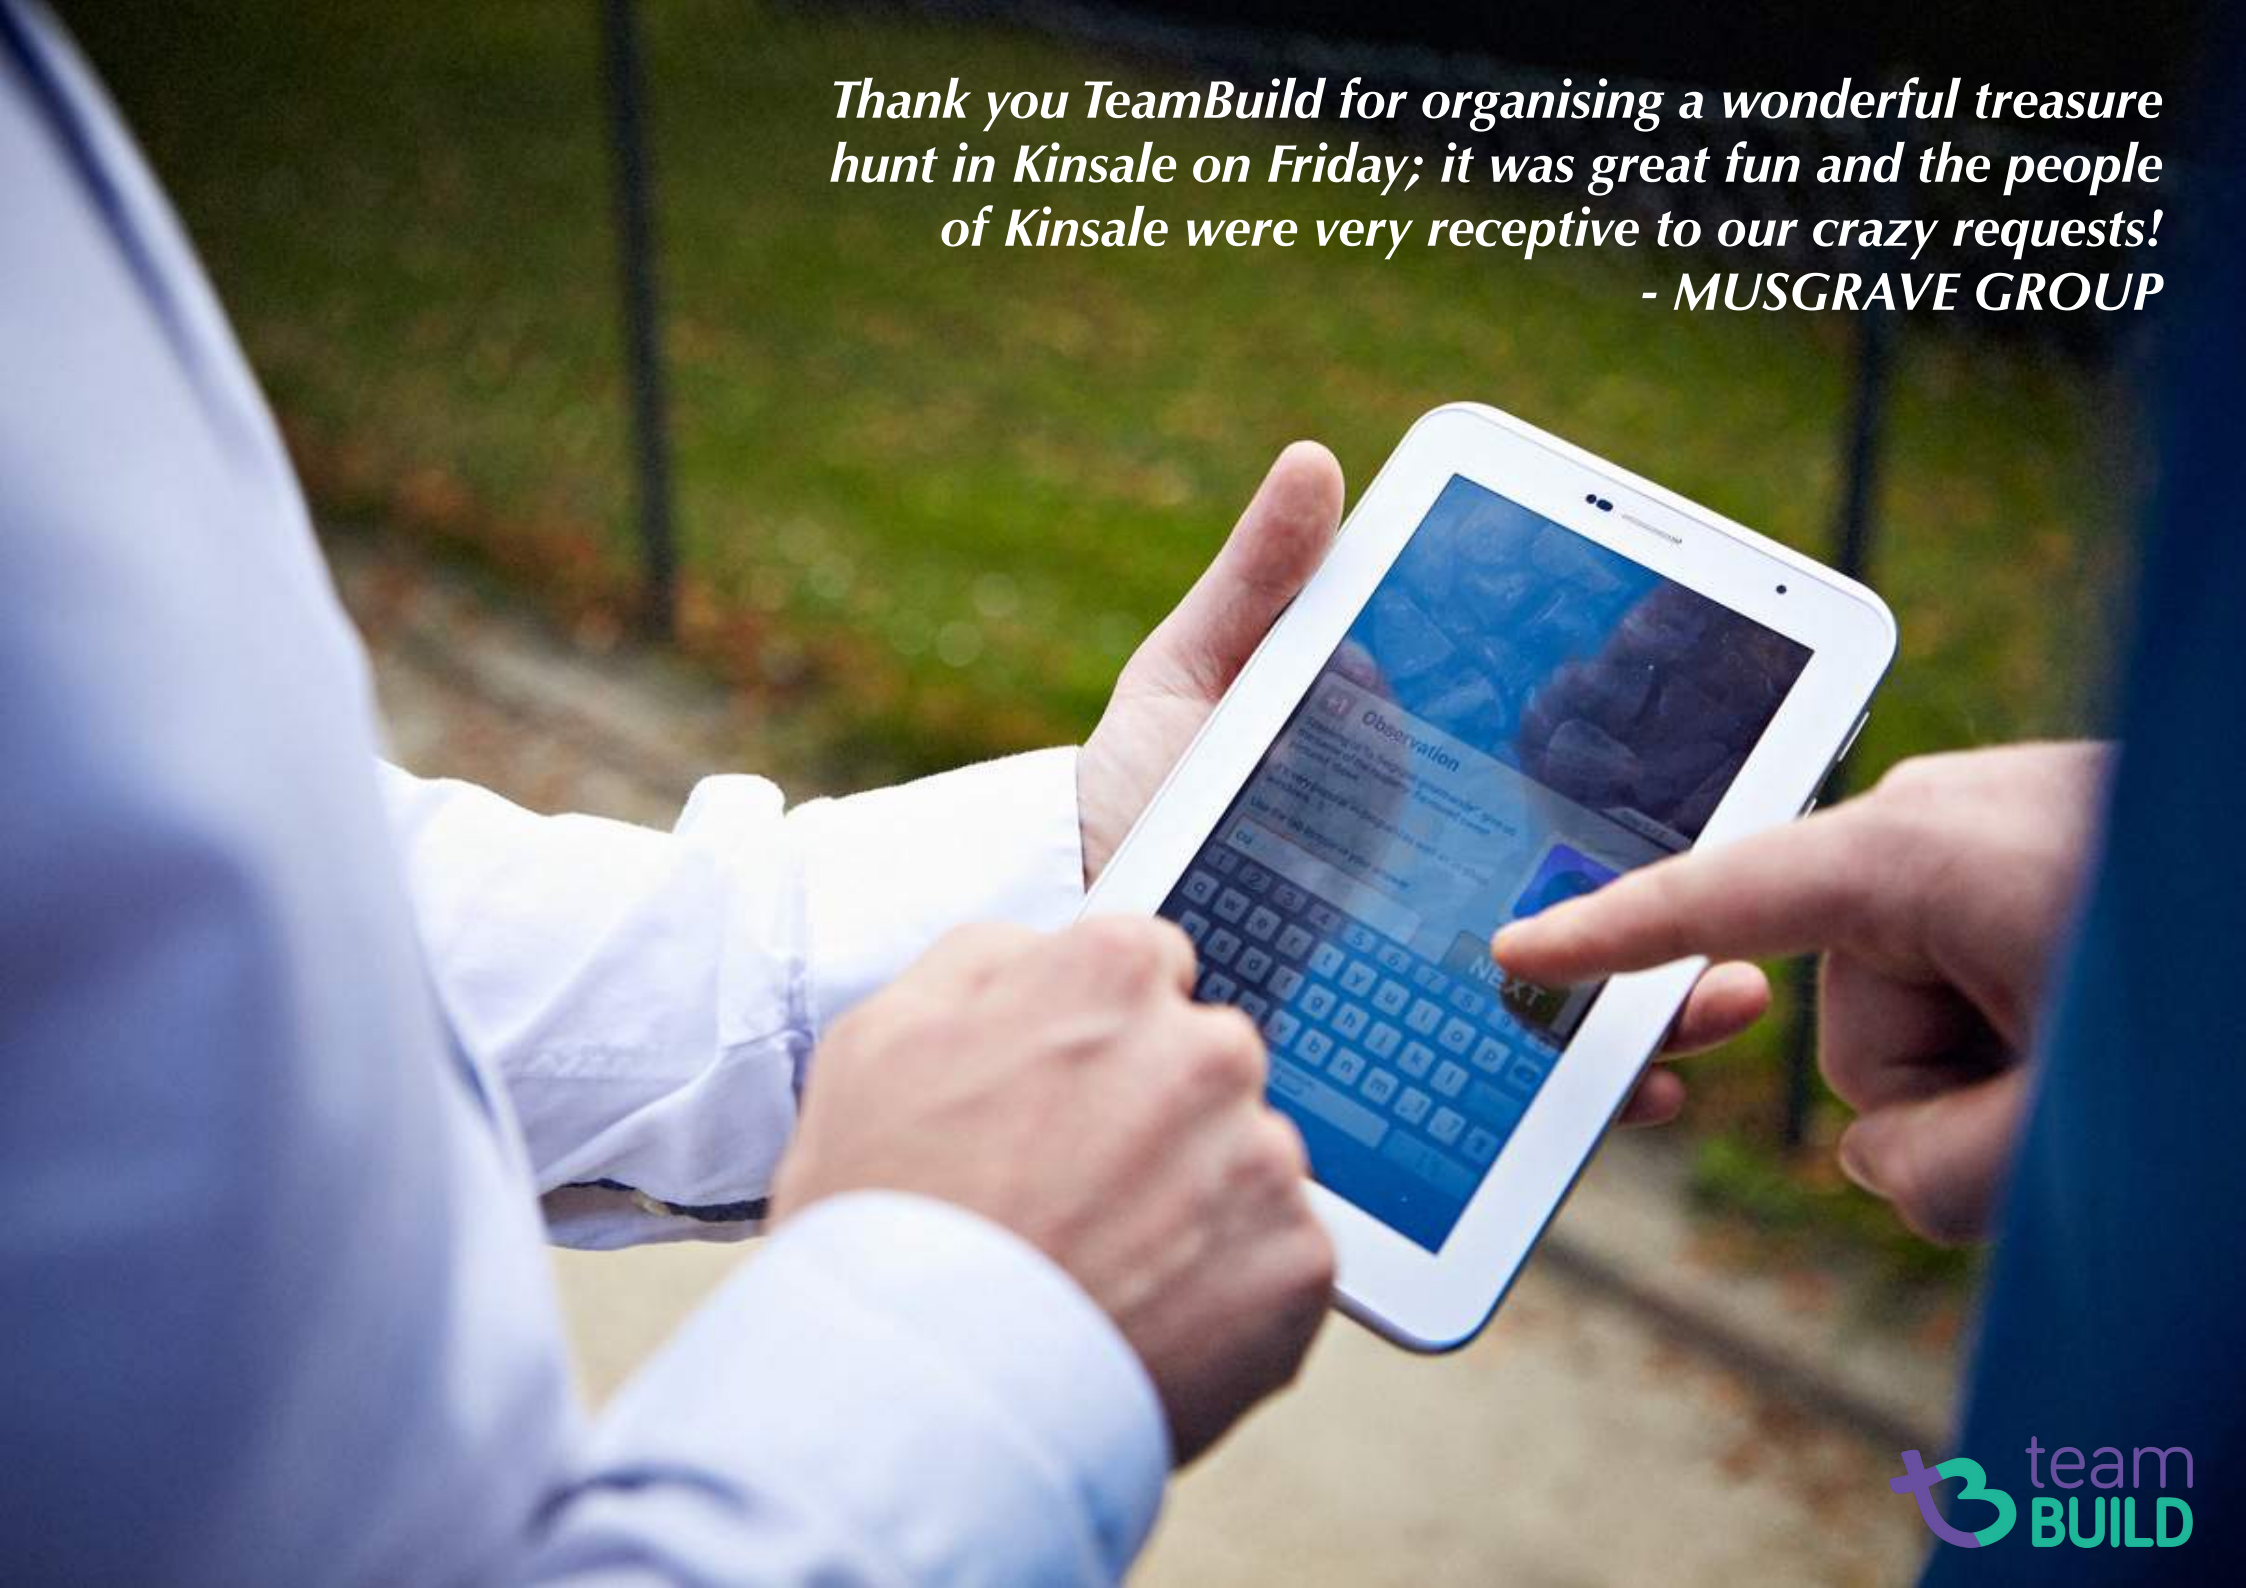

Once done, you move to the next part of the town, taking any route you wish. **Questions and tasks** based on **observation**, **problem solving**, **historical facts**, **general knowledge** and **actions**. **Type** an answer, choose from **multiple choice**, take a **photo**, make a **video**, **phone** in an answer. Some questions are **timed**, some you have **one chance** to get right, others you can have as **many goes** as you need within the time.

We **rigorously research** our events so they are always **up to date** and **content is relevant** to the city at the time of your visit. We **test** each event by going through ourselves the day before. We can provide the event in a **number of languages*** such as English, Irish, French and German.

During the event we have a professional **event leader** with **tech staff** on hand throughout. We can

provide you with a **professional photographer*** to give you additional memories of your day out. Having a group dinner after the event? We can **display*** all photos from the event as you enjoy your meal and vote on your favourite team video. If not, we will simply **upload** the photos to Dropbox for you **enjoy** at another time.

simultaneous events

If you have offices / teams spread across multiple cities, and want to get people involved between locations, we can also run events simultaneously in different cities and countries.

We can run each event just as we would normally, with a leaderboard for each location, live monitoring, and award ceremony for the top teams per city.

However, we can also adjust each hunt to include the same amount of available points, which means we can also reveal the overall winner across all locations, and pit teams against each other no matter where they are based!

"The team that plays together, stays together! We had an absolutely brilliant team-building day yesterday in both ReProMed Ireland's clinics. Thank you to all our wonderful staff for getting stuck in so willingly (sore legs and heads today in all clinics!) and to TeamBuild.ie for facilitating both events simultaneously in Dublin & Galway."
