

CROSS CHECK

CROSS CHECK

Part **competitive**, part **collaborative** - you have to work with other teams at times to enable your own advancement through the game. Armed with your **tablet** and a **clue pack**, race through the questions, codes and photo / video challenges.

SO HOW DOES IT WORK?

Our event coordinator welcomes and briefs your group and then gives each team (typically 5- 8 people) their tablet and clue pack. Teams choose a team name,

take a fun team photo and then inputs a code into their tablet to launch their set of challenges. You'll start with simple timed questions which you'll answer within your team. Along the way, **Cross Check challenges** appear, which you'll have to work with other teams to solve.

'A great event, just the right mix of fun fast questions with more in depth cross team challenges. Thank you.'

— DALATA

Do well and you'll earn big points. With rounds such as **camera, balloons, letters, jigsaws, riddles, music, maps** – you've plenty to keep you entertained throughout this 1-1.5 hour event.

We finish up by announcing the **scores** and share copies of the **photos** and **videos** the teams have taken as a memento of your event.

Cross Check works well at many different venues across the country. An ideal venue provides enough space for your group to move around freely.
